

# AIR KIT PRIME

## A Bike Pump for Everyone

Our latest Air Kits are the most rugged public bike pumps yet. They feature upgraded high-wear parts made from anodized aluminum and stainless steel and our durable Dero Metal Head™ that accommodates both Presta and Schrader valves. Galvanized protective plates keep the pump finish attractive and prevent scratches when the pump head is not in use. All internal components are available separately and are easy to service.

The Air Kit Prime is available as a stand-alone pump, or can mount to our Fixit bike repair stands.
