

## PARKING LOT & ROAD SAFETY

**TERRA BOUND**  
SOLUTIONS™

This cart safety bump will hold your shopping carts in the corral and assure the cart will not roll out into parking lot traffic, a parked car or a shopper. RubberForm's Shopping Cart Corral Bump is made of 100% Post-Industrial recycled EPDM rubber for strength and durability. The cart safety bump has a high visibility safety yellow strip with reflective glass beads.

The Shopping Cart Corral Bump has 2 tapered ramps that peak at 1.25 inches high with a width of 8 inches. Your shopper can easily maneuver the cart into the corral so they do not roll out into parking lot traffic. We extrude in 8' lengths, our cart ramp can be easily butted together. Our safety bump can be secured in place with our Chem-Link M1 glue-adhesive as well as anchored in with GRK's RSS™ Rugged Structural Screws.

Keep your insurance claims down, your parking lot safe and most of all your shoppers safe with Shopping Cart Corral Bump. Secure your shopping carts where they should be, in your shopping cart corral.
