

No More Wheel Benders

Bicyclists hate old-style “wheel bender” bike racks, the ones where you wedge your wheel between the bars and can’t use a U-lock. We hate them, too! That’s why we made the U-LOCKIT™ — a small, modular, affordable rack that actually does what bike racks are supposed to do: secure your bike with any lock. Perfect for smaller applications and short-term parking at schools, churches, and small businesses.

Patent pending
