Product Description

The Deluxe bench has been selling strong since it was first produced in 1993. This is one of the most popular recycled plastic benches available thanks to its design and comfort. The seat and back are wider allowing for more comfort for the user.

The 2 x 4 plastic lumber is manufactured from 100% recycled plastic making it durable and maintenance free. The arms provide comfort & discourage skate boarders from grinding the front edge off the seat.

Not only is the Deluxe Park Bench **made in the USA**, but its entirely eco-friendly manufacturing process makes it a green choice for outdoor seating.
