Product Summary

Use Zone: 25' 6" x 22' 6"

Age Range: 2 - 5 yrs.

Max Occupancy: 10 - 12

Weight: 490 lbs.

Product Description

The Drake is one of our most versatile Early Childhood Systems. It features multiple sections that offer many varied ways for children to interact and play for hours on end.

Its natural color scheme gives the impression of it being a part of nature rather than an obscure, man-made creation. This model comes standard in a metal/plastic configuration but can also be constructed from wood components for a classic look and feel.

Product is **Shipped Unassembled**, some assembly required.
