## Product Summary

**Weight:** 81 lbs.

**Size:** 7 1/2'

## Product Description

The Fiberglass Picnic Table Umbrella is tough and weather-resistant and adds a stylish solution to shade. They are 7 1/2 ft. diameter and swivel with the wind on the pole at a tilt. Pole is 1 1/2 inch dia. Galvanized tube. Ultragel coating up to 20 mils thick has UV inhibitors to help prevent sun fading.

**Option:** The U Brace Umbrella Anchor uses the weight of the table to help anchor the umbrella and prevent it from coming out. Simple to use and requires no maintenance. The U Brace attaches to the umbrella pole under the table top. This unit is stainless steel and attaches by removing two allen screws and then tightening the two halves of the collar around the umbrella pole.
