Product Description

Experience the Flat Ground Sports Trampoline with Aerowall , our cutting-edge rectangular sports trampoline, ideal for executing precise jumps along its entire length. This uniquely designed trampoline enhances your control and orientation while jumping, featuring a patented, robust tubular top frame compatible with Regular and flat ground trampolines. Equipped with Airflow technology and diagonally placed Twinspring springs, this trampoline delivers 50% increased air permeation for higher, less tiring jumps, providing an exceptional jumping experience. Additionally, the Ultim Champion boasts the AeroWall, designed for executing extreme tricks, offering stability and sturdiness for serious jump enthusiasts, and includes a convenient pump for hassle-free assembly. Enjoy better jumping comfort, safety, and longevity with its silent frame, thick PVC protective edge, and optional extra-high (220cm) Safety net Deluxe XL, ensuring a 22% higher and safer bounce.
