Product Summary

Dimensions: 14"H x 10"W x 6"D

Construction: Plastic

Color:: Black

Weight: 5 lbs.

Product Description

The Foam Hand Sanitizer Dispenser is designed for foam refills, mounts easily to side walls, and comes pre-assembled. One of the many advantages of using a Foam Dispenser is the substantial savings in product usage compared to other forms of soap dispensers. When using our Foam Dispenser it delivers approximately twice as many dispenses per refill as most gel or liquid dispensers.

Additionally, foam stays on the users hand whereas gel or liquid often slides off and becomes a messy waste further increasing usage.

Features: - Holds 30 fluid ounces of foam - Easy to refasten and attach to mounting plate - mounts easily to side walls - Snap shut lid - Comes pre-assembled
