Product Summary

Dimensions: 43.5"H x 20"W x 9"D

Weight: 3 lbs

Product Description

Designed to be used with most portable restrooms. This kit can be mounted anywhere along the non-hinged side of the door and door jamb. The hasps are made from stainless steel and the rivets are aluminum, assuring a no-rust, maintenance-free long life.

Features: - Stainless steel hasps - Aluminum rivets assure a no-rust, maintenance-free long life - Fasteners supplied with kit are designed to be used with doors made with steel pillars and aluminum jambs (alternative fasteners may be necessary if used with doors and jambs made of other construction)
