

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

### Product Description

Children will feel as if they have taken flight on the Galaxy Disc merry-go-round. The one-of-a-kind design incorporates a multitude of ways to safely ride. The oblong rings that fasten onto the platform grant each rider the perfect spot to grip when standing or crouched. Or a child can stand between the two pieces over the pivot point for an even more comfortable spot. The two thicker posts are angled outward to make pushing the carousel even easier. This way two people can ride while two work to push the metal structure inviting a chance for social growth whether it is at school, a daycare, the park or another outdoor area. The Galaxy Disc will only be complete once it is given a bit of galactic class with any of our powder coat painted metal tones to create your own out of this world look.

### Product Specifications

**Model Number:** PFS058

**Product Type:** Merry-Go-Rounds

**Age Range:** 2-12 years

**Child Capacity:** 1-4

**Fall Height:** 12"

**Safety Zone:** 23' 8" x 23' 8"
