

Bumbling Betsy Fun Bounce

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

Get your playground buzzing with the Bumbling Betsy Fun Bounce, a spring toy that will keep preschool aged children busy as bees make-believing. With two seats, two copilots can navigate Betsy on a journey skimming the tops of flower petals and bringing pollen back to their honey factory beehive. On Betsy's back, children learn to imagine and explore together while they improve their balance as much as their minds. But Betsy doesn't just encourage childhood creativity, she's also designed to keep kids safe even as they bound across the grand gardens of their fantasies. With red handles for both seats, plus wings that make convenient footboards, children can explore their imaginations without any fear of bumbling accidents. To top it all off, Betsy being a tough old bee, can weather the changing seasons admirably, allowing kids to hop on and dream of spring even in the middle of winter.
