

# Hold-N-Spin

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

## Product Description

Grab hold and get ready for fun! The Hold-N-Spin brings a whole new dimension to spinning play on your playground. With its raised, umbrella-like bars, children of elementary school age can reach up, get a firm hold, and send themselves spinning through the air with the greatest of ease. These little amateur trapeze artists can drift safely around and around until they're ready to set foot on firm ground again. With the space to accommodate up to five children, the Hold-N-Spin doesn't have to be a solitary piece of playground equipment either. Friends can work together to spin all at once, helping them to learn how to coordinate their body movements while also teaching them that cooperation makes the world a lot more fun. Firmly mounted on an in-ground 4.5-inch post, the Hold-N-Spin safely combines the thrill of the merry-go-round with the merriment of monkeying around on the monkey bars. Such a tall and unique looking component is sure to attract the attention of all the spin-fans on the playground.
