

6 Panel Standard Wall Climber

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

The 6 Panel Standard Wall Climber encourages imaginative and social play in children ages 5-12 by making them feel like they're surmounting the treacherous peaks of the Rocky Mountains. Children will surely feel challenged while ascending to the top of the panels. Featuring six double sided panels, as well as hand and foot holds of varying placement, kids have several options to choose from to make it to the top. Additionally, this climber provides multiple benefits, including improvements in spatial and directional awareness, boosting hand and foot coordination, and upping other physical skills like agility and balance. Built with long-lasting materials like galvanized powder-coated steel and polyethylene, your climber is guaranteed ...
